MEDICATION PERMISSION SLIP

For Prescription and Over-The-Counter Medication

The First-Aid trained adult will keep and administer all medications. All medications, prescription or over-the-counter, must be stored under lock or in the controlled possession of the First-Aid trained adult, and must be dispensed only under the specific directions of a licensed physician or under written instructions from a parent or guardian. All medications, prescription or over-the-counter, must be in the original container labeled with the girl's name.

Girl's Full Name: _____

Please complete for each prescription:
